REMOTE ACCESS TO ONLINE JOURNALS – Navigate using Journals List

Students and faculty may obtain online access to the subscribed online journals via a proxy server. Start at the top of any college webpage and expand Library under Student Resources or Faculty & Staff Resources.

Step 1
Go to Journals List by expanding Library links under Student Resources or Faculty & Staff Resources.

Step 2
Type journal title in the Find box. Click the Search button.

Step 3
Click on the publisher’s link, in this case ScienceDirect.

Step 4
The EZ Proxy login appears. Read the instructions and Login to the server.

Step 5
You now have access to articles according to our license agreement. Search, or Navigate to the volume, issue and page to locate a specific article.
